PROFILE

I graduated in law from Università Cattolica del Sacro Cuore, where I chose the forensic profile to build a well-rounded understanding of law across multiple areas. During my studies, I had the opportunity to select elective courses in criminal law, with a particular focus on criminal commercial law.

I completed my thesis in this field, titled: "La responsabilità penale degli amministratori di società tra concorso di persone nel reato e omissio impedimento dell'illecito altrui." This choice has allowed me to deepen my knowledge in both criminal law and commercial law.
